

GREAT FUTURES START **HERE.**

Dear Parents and Members:

We are excited about your involvement with the Boys & Girls Clubs of Lorain County! In order for our staff to best serve you and your family, it is important that you read and complete this application packet **in its entirety**. What we have been able to do for the Lorain County Community the last 20 years has been because of the support of individuals, corporations, foundations, and local, state and federal grants, helping to support our mission to help all youth reach their full potential as productive, caring, responsible citizens. The Boys & Girls Clubs of Lorain County plays a powerful role in making after-school a time for learning and developmental gains for children while having as much fun as possible!

Since 1999, we have implemented summer and after-school programs that give members meaningful opportunities to engage and interact with their peers while making academic gains through fun, educational experiences. All programming is designed for school-aged children who are currently enrolled in Kindergarten and not yet graduated high school (typically 6-18 years old). We also serve a daily, hot meal which meets the USDA requirements as specified under the CACFP food program.

The Club splits members in to groups based on age and rotates them through different stations, implementing our programs such as Sports and Rec, Literacy, STEM, Healthy Habits, the Arts and much more. Trained, professional staff members facilitate proven, best practices programming and serve as positive adult mentors while guiding and teaching youth how to handle conflicts, make good choices and improve their character.

The first requirement for membership is completing the forms included in this packet, attaching necessary documentation and returning them to a Site Director at a Boys and Girls Club.

Here are some other important notes to remember throughout the Program:

- The Boys & Girls Clubs of Lorain County does NOT operate as a daycare. Your child's enjoyment of our programs and opportunities will result from his/her full participation in activities and his/her commitment to follow the rules. If they choose not to participate or comply with the Club's rules, they may be suspended from the Club and/or from field trips and activities that are planned for them.
- Members are required to check-in each day and if they are not given permission by you to walk home, then parents/guardians must sign each child out in the evening. Only those listed on the authorized to pick-up portion of the application may pick them up and sign them out. **We require a picture ID in order to identify the person picking up the child.**

BOYS & GIRLS CLUBS
OF LORAIN COUNTY

- The Boys & Girls Club opens after school (time varies by location) and closes between 6 and 7 pm (depending on location. Summer hours may also vary by location but are generally from 8a-4p. Members who are picked up late are subject to a fee of \$1 per minute and repeated late pick-ups may result in the member being suspended or membership being terminated. Please call the club if you anticipate being unable to pick up your child on time.
- Our goal is to maintain open communication with our member's families. If at any time you have a question about your child's behavior or have any other Club-related concerns, please contact the Site Director to set up a meeting. We try hard to work with families to reinforce what you are doing in your home to help shape and guide your child's behavior. If there is anything specific that you feel has worked well or not so well for your child in regard to academics, discipline or social interaction, please share that information with the Club Director.
- While each Club will have staff trained in CPR and Mental Health First Aid to provide immediate, life-saving assistance, we are not licensed counselors, psychologists or behavioral specialists. If your child is on an I.E.P or you feel they otherwise may need special attention in specific situations, please inform the Club Director.
- Our staff are not licensed to administer medication of any kind. We are more than happy to remind children of when to take their medicine but cannot administer it. If your child requires medication, please talk with the Club Director about who will administer that medication.
- The Boys & Girls Clubs of Lorain County has a **NO TOLERANCE** stance on violence, threats or dangerous behavior. You will receive a phone call as soon as any such behavior is exhibited. Our number one priority is to establish a safe environment in which all members can learn and grow. If you receive a phone call concerning your child's behavior or a suspension and have any questions, please contact the Site Director to schedule a meeting.

We strive to provide the best possible experience for each and every child and truly believe that **Great Futures Start Here.** We are proud and thankful to be a part of your child's life and hope we make a positive, lasting impression. We thank you for your taking the time to fill out this application and we look forward to the school year ahead.

Sincerely,

Mike Conibear

STATEMENT of ACKNOWLEDGMENT REGARDING DISCIPLINE

Our goal is to give youth the skills needed to find effective, peaceful resolutions to obstacles that lay before them in life. To achieve this, we encourage members to recognize that, no matter what the circumstances, s/he has choices available and that s/he must accept responsibility for the resulting consequences – positive or negative.

For example, if a child hits another member, who then returns the punch, the second child may be seen by some as protecting himself. We, however, see this as a poor choice. The child could have chosen to handle the situation in another way. Thus, consequences for each child's actions would be given.

We approach each child and each situation in a manner that gives the greatest amount of dignity and respect to members. This means that, as often as possible, discussions with staff are conducted away from other members and that consequences are administered in private – as not to damage the self-esteem of any member regardless of his/her actions. Consequences given to a member for inappropriate behavior will be shared with his/her parents **only** and will not be discussed with other Club members or families.

Membership in the Boys & Girls Clubs of Lorain County is a privilege available to any youth who agrees to abide by the rules and expectations. Youth refusing to make such an agreement or choosing to repeatedly violate the rules may lose the privilege of being a Club member.

Conflict Resolution and Discipline Protocol: Members involved in a conflict (with each other or with staff) or having violated a Club rule will be approached in the following progressive manner:

Verbal redirection (Asking the member to choose a different behavior and giving them logical consequences for failure to comply – i.e., apology, sitting out for a period of time, leaving the area, etc.).

Conference with the Site Director and documentation of the incident. The member(s) may be asked, "What part are you responsible for?" Members will be given the opportunity to discuss other possible choices and what they would likely choose to do in the future. A call to parents will be made if the incident warrants.

A call home and/or short-term suspension may be given at the discretion of the Director(s) in response to continued inappropriate actions or actions that compromise the safety of self or others.

A long-term suspension or revocation of membership may be given in response to continued inappropriate behavior.

STATEMENT of ACKNOWLEDGMENT REGARDING DISCIPLINE (Continued)

Expectations for Parents/Guardians: We recognize that an important part of our program’s success is the support that we receive from parents. A strong partnership must exist between the Club staff and the family in order for us to continue to be a safe and loving place for members to learn and grow.

Through this partnership, parents/guardians are expected to:

- Maintain open communication with the staff. We try hard to reinforce rules at home as long as they align with our rules, so let us know what works for your child in regard to discipline
- Respond as quickly as possible when members need to be picked up (upon closing time, as a consequence, or in case of injury or illness).
- Acknowledge and support our discipline and conflict resolution philosophy.
- Approach conflict with staff and/or other parents in a manner that is respectful and is not witnessed by other children or parents.
- Refrain from any physical punishment of children or verbal attacks of children on Club property.

Parents/guardians can expect from Club staff:

- Open communication regarding members’ difficulties and accomplishments.
- Phone call or letter home informing parents/guardians of any incidents that might be of concern.
- Members will be treated with dignity and respect and will be given every opportunity to succeed within the parameters of the Club rules.
- Every effort will be made to ensure that Club members are safe and experience success.
- Up-to-date information regarding field trips, programs and events is provided.

**BOYS & GIRLS CLUBS
OF LORAIN COUNTY**

Important Boys and Girls Clubs of Lorain Policies

Child Abuse Reporting: All staff members are mandated reporters of child abuse. If a staff member has suspicions that a child is being abused or neglected, they **MUST** make a report to the local child services agency. The safety of the children is always our first concern.

Accidents/Emergencies: The center has devised several procedures to follow in the event that an emergency would occur while a child is in the center's care. Fire, Tornado and Intruder drills are routinely practiced. In the event of a fire or tornado, staff would follow the written instructions in the facility, maintaining attendance to assure that children have arrived at the designated spot.

- In the event that we need to evacuate the building due to fire or weather conditions, or the loss of power, heat, and/or water to the center, a sign will be posted in front of the center indicating the location where you can pick-up your child. Parents will also be contacted as soon as possible to come to pick up their child. If a parent cannot be reached, we will contact the emergency contacts as listed on your child's enrollment information.
- In the unlikely event there would be an environmental threat or a threat of violence, the staff will secure the children in the safest location possible, contact and follow the directions given by the proper authorities and contact the parents as soon as the situation allows. An incident report would also be provided for the parents.
- There will always be one staff member present that has received training in First Aid/Communicable Diseases and CPR. In the case of a minor accident/injury, staff will administer basic first aid. If the injury/illness is more severe, first aid will be administered and the parents will be contacted immediately to assist in deciding an appropriate course of action. If any injury/illness is life threatening, the EMS will be contacted, parents will be notified, and a staff member will accompany the child to the hospital with all available health records. Staff may not transport children in their own vehicles. Only parents or EMS will transport the child.
- An incident/injury report will be completed and given to the person picking up the child on the day of the incident/injury if any of the following occur: the child has an illness, accident, or injury which requires first aid; the child receives a bump or blow to the head; the child has to be transported by emergency squad; or an unusual or unexpected event occurs which jeopardizes the safety of the child. If a child requires emergency transportation, the report shall be available within twenty-four (24) hours after the incident occurs.

Management of Illness: The Boys & Girls Clubs of Lorain County provides children with a clean and healthy environment. However, we realize that children become ill from time to time. We observe all children as they enter the program to quickly assess their general health. We ask that you not bring a sick child to the center as they will be sent home. Please also plan ahead and have a backup care plan in
